### Announcement

NOTTINGHAM, Nov. 1, 2018 /PRNewswire/ -- Airport Information Systems (AIS) is pleased to announce and welcome Kevin Faulkner as its new Business Development Director. Together with developing AIS in general, Kevin will also be responsible for account management and customer satisfaction ensuring AIS' integrated airport solutions meet its customers' needs now and in future.

Kevin has a wide experience in successfully delivering Information and Communication Technologies in travel and transportation with a career spanning over 30 years in BT, SITA, Cisco, Travelport, Gentrack, Park Air Systems, Leidos and L3 MacDonalld Humfrey Automation. With senior roles in technical management customer service and business development, Kevin's knowledge of airport solutions is extensive.

In addition, Kevin has a proven record of facilitating long-term business relationships with both customers and industry partners. His strong winning attitude and personality are assets that will complement and enhance AIS' ability to meet the needs of our customers as we continue to provide quality, innovative products to the marketplace. With an emphasis on constructive outcomes, alongside an excellent track record of business success, Kevin is delighted to join AIS at this important time in the company's continued growth.
